The German refractors ought to be arrested on charges of disloyalty.

We suggest that in their labors to reconstruct devastated Russia, Allied armaments experts be authorized by passing down a few lines with names.

The Kaiser's opposition to world democracy seems to be weakening. It can't hide from the situation on the Western front.

It may cost as much as "four bits" to fix a street crossing. It costs more than that to get out of a garage.

General March is of the opinion that four million Americans in uniform can go through the German line just any old place. That we thought Bill said "America won't fight."

Every fellow has a different definition of "luxury" but there is no such thing as a free lunch. A luxury is something the rich can't live without and that we don't need.

We oppose contributions to county road funds until Amarillo's street conditions are properly graded. It wouldn't hurt if a mill but don't pay money to build roads in the county.

Better begin to finish up now. Please. The new ones are 15 to 45 and these officers are going to give a considerable amount of training at it. I think, once the curriculum is finished.

There are a fellow in this new American army who wasn't in the last campaign of the last regiment. In the "jerkers." You never did "charge" that makes the Germans think they are all the best. Every regiment's second starts in to prove it.

The old German who are getting on and want to find satisfaction from them. They got into this thing when they were in the stock market and the Allied lines. These fellows were after "profit" but "on the inside" looking out.

IDENTITY NEW CITY MANAGER

JOHN H. HARTMAN has almost a score of votes in a leading business man of Amarillo, has been chosen to succeed W. W. Armstrong as city manager.

The Baptist is not accepting a position that is easily won. A man of unblemished talents is essential if he is to properly administer the business of the people's "business" which is "religion" here at something like \$12,000 a year.

Supervision of work that has been undertaken, is only part of the job. The exercise of sound judgment in supervising improvements or re-arrangements, directly touches another angle. To keep eyes in close touch with the public and minister to the needs, wisely but well, is the aim of every man who takes over such an office. It is to be expected that a city manager has outgrown for preference items that range in scope from the "use of arms" to the price of horse tanks. The position is not

of a thousand duties and a thousand responsibilities.

It is fortunate, therefore, that the members of the City Commission have seen fit to select for a man of sterling character and one who has been known to the people of Amarillo for many years. Mr. Hartman's business ability cannot be questioned and he goes into office with the additional advantage of a host of friends who wish him well and who are firmly convinced that the city is going to be well under his supervision.

Resolutions of Respect.  
The following resolutions of condolence were adopted and ordered published and spread on the minutes of the records of the W. B. Phoenix Camp No. 1441, Amarillo, Texas. The resolutions were adopted at the regular meeting of the camp Monday, August 12, 1918.

In Memoriam.  
We read in today's paper that it is appointed unto all flesh once to die, and after that, the judgment. And we have continued warnings that the spirit never is ever present with us, and soon it must fall before his relentless hand.

Remember, he comes like an engaged man, and again he makes his approach with the death of a gentleman's shadow.

On July 25, A. D. 1848, he received the peaceful home in Amarillo, Texas, of our worthy comrade, John A. Kierulff, and today in his embrace lies the beloved wife of our beloved brother.

Therefore, he resolved, that the membership of W. B. Phoenix Camp No. 1441, No. 1441, extend sincere sympathy and condolence to our sorrowing brother and comrade.

At the funeral, resolved, that a copy of these resolutions be spread upon the minutes of our regular meeting and a copy be given to the surviving brother.

BRIGHT IN HOT WEATHER.

When depressed by the heat and you want to freshen up for the afternoon or evening, just bathe the face in a lotion made by dissolving a ounce of pure powdered sorbic acid in half pint of witch hazel. You will find this more refreshing than any other's.

As a skin-renewer the sorbic lotion is remarkably successful. Its action is almost magical. The deepest furrows, as well as the finest lines—whether due to age, illness, weather or worry—are immediately affected. Enlarged pores are reduced, flaking skin is "drawn in," aged complexion is improved wonderfully. The sorbic ingredients, of course, can be had at any drugstore, and you need not hesitate to try the lotion, as it will not harm any skin in the least.

One check for \$2.50 which he said he gave cash for, and the other for \$2.75, which he is said to have cashed at a local bank. The boy has a father living at Canadian and Henry Stone of French passed to the sheriff at that place and immediately began a search for him. Mr. Stone was accompanied with the boy and took him to his home to stay and while he was gone Tuesday the boy forged the checks, he says, and got the money and is gone.

## AMARILLO RIFLE CLUB ENDS SHOOT

LOCAL ORGANIZATION IS CONSIDERED ONE OF THE BEST IN TEXAS

The Amarillo Rifle Club closed its three day shoot yesterday before making report to the adjutant general at Austin.

This club was formed two years ago and has been working hard at practice all the time preparing to furnish as many as possible from Amarillo to the national rifle match which will be held at Camp Perry, Ohio, beginning September first and ending September twenty-first, this year.

The scores of shooting for three days out of each week in the months of June, July and August are compiled and sent to the adjutant general and the last shooting was Monday, Tuesday and Wednesday of this week which ends the score shooting before the national rifle match meeting. This last national rifle match was held at Jacksonville, Florida and to which Amarillo sent two members. Each state is allowed 16 members selected from among the best scores from each club.

Club Here One of Best.  
J. D. Cazzell, one of the members, says Amarillo has one of the best rifle clubs in the state, that it ranks third in the state and that while the Amarillo club furnished two out of the sixteen in the national rifle match two years ago she will furnish no less than three this year and will shoot with the civilians, the national guards, business and officers.

Following is a list of the members of the Amarillo Rifle Club: J. D. Cazzell, W. B. McSpadden, F. P. Brien, J. H. Mullins, W. J. Davis, H. F. Whitcomb, C. M. McCallough, W. M. Merritt, J. M. Cantrell, W. M. Hursell, H. Hill, G. N. Givins, Carl F. Holman, Howard Williams, J. F. Davis, J. H. Gant, Perry S. Pearson, C. P. Hatching, R. H. Hamlin, A. F. Hamlin, Dalton Johnson, E. F. Fink, Sam B. Vaughn, Glenn Brown, B. W. Caldwell, Ed Spann, B. L. Lakin, E. E. Nolen, C. M. Henshaw, J. F. Speed, E. L. Smith, J. P. Foster, Ray C. Johnson, J. H. Thayer, Burton Roach, L. C. Cazzell, W. E. Cazzell, J. D. Cazzell, B. Cazzell, Perry Gibbs, S. B. Spillars, J. W. Crooks, J. D. Burton, J. A. Hot, Fred Probst, Lewis Probst, L. L. Botton, S. F. Crowder, Alonzo Gaylor, J. F. Brien, J. H. Bennett, Guy Perry, W. H. Carr, Geo. F. Lindsey, A. P. Mutter, Bob Sullivan, H. A. Taylor, F. H. Weatherly, F. S. Gaher, W. L. Moynihan, Geo. Parr.

Highest Scores.  
Those making the highest score and their scores are: W. J. Davis, 200; O. M. Gould, 125; G. B. Hill, 100; J. F. Brien, 175; A. B. Hamlin, 210; D. W. Caldwell, 192; Ed Spann, 141; T. S. Lakin, 207; Burton Roach, 193; L. C. Cazzell, 220; W. E. Cazzell, 165; Carl F. Holman, 210; Bob Sullivan, 210.

To qualify out of 50 shots 100 scores for marksmen, 100 sharpshooter, 200 expert rifleman. Ten shots 5-6 hundred yards, 10 shots 500 yards (10 shots 300 yards). The Rifle 1917 model and Colt's automatic pistol will be used at the national rifle match.

It will be noticed by the score that Amarillo has four members scoring above the expert rifleman qualification.

ly that I do not like it," was General March's reply.

About the Russian situation, General March said American troops "are not going in there in any force," and added:  
"As a military proposition, I said without any qualification whatever, that the idea of trying to re-establish an eastern front in Russia with a little handful of Americans is simply ridiculous."

CROWDER MAKES STATEMENT  
AS TO PLANS UNDER WAY

By Associated Press.  
WASHINGTON, Aug. 15.—Protest Marshal General Crowder announced today that plans already have been made for registering the 13,000,000 additional men which he estimates will be brought under the selective service law when congress enacts the bill extending the age limits to include men between 18 and 45 years. From this number approximately 2,000,000 qualified for military service are expected to be secured.

So urgent is the need for additional manpower, General Crowder said, that the draft machinery is being put into shape for the great task ahead without waiting for final action by congress. Men of the new draft will be needed by October 1 and to get them, registration day will have to be held not later than September 15. If possible, September 5 will be fixed as the day.

Brings Total to 25,000,000.  
When the 13,000,000 men are enrolled, nearly 25,000,000 will have been registered since the United States entered the war. There were some 10,000,000 enrolled on the first registration day, June 5, 1917, another 600,000 last June 5, and several hundred thousand more are expected to be enrolled August 24.

"Preliminary steps have been taken by the protest marshal general," said General Crowder's statement, "to provide for the registration of these men who will be affected by the act."  
"State headquarters, local boards and other officials in the various states have been advised to hold themselves in readiness to proceed promptly with their work as soon as congress has acted and the president, by proclamation, has fixed the date of registration."

Must Prepare Early.  
"Until the legislation is actually passed, it cannot be stated with exactness, of course, what the new age limits will be. But, because of the urgency of the situation, it is essential that as much of the preparatory work as possible be done at this time in order that the administration may promptly avail itself of the new law. To that end, now, as in the past, the utmost reliance is placed on the American people to supply the necessary cooperation and team work."

"The situation is urgent because by October 1, Class 1, under the age limits of the original act, will have been entirely exhausted. Unless there is to be a very serious interruption in the flow of American troops to the camps and thence across the seas to France, Class 1 must be replenished at the earliest possible moment by available men, both before and above the present age limits of 21 to 31. There is, literally, no time to be lost."

There is, literally, no time to be lost."

New Classes.  
"The bill which has been introduced in congress at the request of the war department would fix the new age limits at between 18 and 45 years. That is to say, it would include, in addition to the men within the present limits, those between 18 and 21, inclusive (fourteen annual classes), and those between 32 and 45, inclusive (thirteen annual classes)."

These limits were suggested to congress by the war department, because the military manpower program of the United States requires that the now nearly depleted reservoir of Class 1 men shall be replenished by more than 2,000,000 men available for full military service. On the basis of actuarial figures from insurance companies and the experience of this office in the previous registration, it has been estimated that the required number of men from Class 1 may be had only by including within the draft age limits men between 18 and 45 and approximately 13,000,000 men must be added to the list of registrants in order that, with all exemptions allowed, at least 2,000,000 men will remain in Class 1.

"In other words, here is the problem presented."

Must Hurry Work.  
"If the bill, as introduced, is passed, it will be necessary, between the date of its passage and October 1 to register and begin to classify by questionnaire 13,000,000 men. And when this has been done, draft calls upon the new Class 1 must start to fill the places in the training camps of those men going to France."

Assurance having been given that the legislation will receive immediate consideration this office, in its preliminary instructions sent to draft executives in the various states, has proceeded on the assumption that the new registration might be held early in September. If, for example, the bill is passed by August 31 or soon thereafter, it would be necessary for the president's proclamation to fix a registration date as soon as possible. Tax, registration, day might be as early as September 5. To have the first installment of the new Class 1 ready for camp by October 1, it would be necessary to have the registration not later than September 15. In any event, it is obvious that we cannot wait until the act is passed before beginning the preliminary work."

Public to Cooperate.  
"Entirely aside from the powers which the new law may confer upon the government, it is essential that the public shall accord the fullest

measure of cooperation and the war department has implicit confidence that the response of the men who will be required to register under the new law, will be as patriotic and as complete as that which marked the registration on June 5, 1917. Fundamentally, the processes of the selective draft rests upon the principle of heroic sacrifice that has made of the American army in this war an establishment faithful to the best traditions of the American people."

Existing draft machinery in the different states will be used to enroll the 13,000,000 men, General Crowder said, with such additional registrars as may be necessary. The actual registration will be made in the customary voting precincts within the jurisdiction of each board. The boards have been requested to appoint immediately one or more registrars for each precinct within their jurisdiction on the basis of probably one registrar for each 50 registrants.
